## New Service for New People

### Multiply

**A 10 month track to start a new worship service or site. This leadership training experience will include 9 "download on demand" videos and monthly custom individual leadership coaching. The program is action oriented as you move at your own pace from design to launch.**

**The tuition for this training track is \$375 per congregation.**

**Register at [www.reachsummit.org](http://www.reachsummit.org)**

Training sessions are principle based and allow for flexibility to fit your context. Your coach/consultant will help you customize the principles. Launching principles include adaptive change for multiplying churches, strategic alignment, community networking, team building, worship planning and launching systems. You and your team can work the process at your own pace using the "download on demand" format and never leave your ministry context.
